

PAINTING WORKSHOP

PREPARING PAINTING PROFESSIONALS

Workshop Objective

This program provides a complete introduction to the trade of painting. Our program features a technical class combined with on-the-job training, which allows us to transform participants from beginners to skilled professionals. Participants will learn about the career opportunities as well as the basic skills and safety equipment needed.

Workshop Overview

We want to maintain the highest industry standards that is why we offer a comprehensive training program designed to teach the essentials of painting. Participants will learn how to prepare a surface for painting, seal cracks, deal with moisture, proper primer application, choose the right type of paint for different conditions and temperatures, choose and mix paint colors, secure and prepare the painting site and achieve different effects and use various finishes and glazes.

Participants

Professionals and apprenticeship students that are interested in developing painting skills.

Program Dates
