

SHAE BISHOP

CERAMIC "SEWING" WORKSHOP

In this workshop, we invite you to explore the relationship between textile and ceramics. By using the technique of press molding participants will create tiles and learn how to "sew" the ceramic tiles together into a three dimensional piece based on clothing. Craft & Trade Academy in collaboration with the artist Shae Bishop are presenting a workshop inviting participants to learn and create on this technique.

- Gain a deeper awareness of the art and craft of ceramic tiles.
- Will learn a new technique that involves creating press-molding ceramic tiles.
- Will have the opportunity to apply their social skills by working together in collaboration with others.
- Will learn a different way of self-expression, and they will gain recognition from the community for their work.
